ARE YOU IN NEED OF LOW COST HEALTH CARE???

If so, here is an opportunity for you to maintain your health! We attempt to service all adults, seniors, and children with primary health care and referrals to others that provide services.

Z.I.A.D. Healthcare for the Underserved, Inc. is NOT A HEALTH PLAN. We are a network of private doctors and governmental services that will see those that qualify at a reduced rate or no cost at all.

The privately owned practice/primary care physician who has agreed to see you has done so as a service to you and your community. The following are items that must be maintained in order to make this service a success for you and the physician:

- You will be expected at private doctor offices to pay a **minimum fee of \$20** regardless of your income. Any further charges are based on a sliding scale according to your income and family size. The % charged is based on the physician's usual fees and the Federal Poverty Guidelines. You should be advised regarding additional charges prior to services being provided:
 - Pharmacy is NOT covered (some samples available), your expense,
 - Lab tests are NOT covered (possible in-office), your expense,
 - X-rays are NOT covered (possible in-office), your expense.
- Following your 1st visit, you must contact your nearest Department of Human Services (DHS) to apply for any health care benefits you might qualify for.
- **If you return without proof of non-eligibility and proof of income that has been verified by the DHS you may be charged full price for any services you receive on your second and subsequent visits until you have provided sufficient documentation from the DHS.**

Thank you for your cooperation in this community service.
